Doctors and nurses realize the necessity of counteracting the effects of the "shock" which accompanies all accident and surgical cases, and which more often proves fatal than the original cause.

Animation is temporarily suspended, Something must be done to start "the wheels" going again, as it were. The stomach is in no condition to digest sufficient amount of food to nourish Philadelphia Dental Rooms, the other organs of the body, so they resort to Bovinine

the original raw food, because the least amount of it contains the most life, strength and blood-producing qualities of anything known to medical science. It will, unaided, sustain strength fo weeks, and can be retained by the Weakest Stomach.

Bovinine is not a medicine, but builder of flesh and bone, and a make of blood. For all cases of sickness, chronic invalids, infants or the aged, i is indispensable. 25,000 physicians endorse it. Sold by all druggists. The Bovinine Co., New York.
